

Australian Alps Walking Track Projects 2014

Conservation Volunteers Australian Alps Walking Track Maintenance Projects for 2014

The projects depart our Bendigo Office and are in remote locations and will require a good level of fitness. For projects 1, 2 & 3 accommodation will be bunk style at Falls Creek. Projects 4, 5 and 6 will require you to base camp in tents in variable conditions and to walk several kilometres each day as part of the project activities.

Week 1. Sun 12th Jan — Sat 18th Jan 2014

AAWT Wallace Hut/Cope Hut area, Bogong High Plains

Grade: Easy walking **but** vigorous physical activity required

Track surfacing using rubber tiles, rock/timber water bars and steps

Week 2. Sun Feb 2 — Sat Feb 8 2014

AAWT Wallace Hut/Cope Hut area Bogong high plains

Grade: Easy walking **but** vigorous physical activity required

Track surfacing using rubber tiles, installing water bars and steps

Week 3. Sun Feb 16 — Sat Feb 22 2014

Heathy Spur (feeder track to AAWT)

Grade: Easy walking **but** vigorous physical activity required

Track surfacing using rubber tiles, installing water bars and steps
